### Instructions for Royal Tea:

Two Royal Tea bags will make one gallon and will last approximately one week for one person.

- Bring a gallon of enhanced water (Wellness Water or Vitalized Water) to a full boil.
- Turn off the stove and add two Royal Tea bags (three bags for extra strength) into the boiling water.
- Cover and let STEEP for eight hours – this will bring the herbs to full potency.
- Refrigerate and leave tea bags in container till finished.
- Drink: (You may reheat the tea but do not bring to a boil)
  - One 8 oz. glass in the morning
  - Two 4 oz. glasses in the afternoon
  - One 8 oz. glass in the evening
- Alternatively, individuals with a hectic schedule may drink three 8 oz. glasses of the tea. (morning, noon and evening)

In cases with chronic diarrhea, Chrones disease, Colitis and other inflammatory bowel conditions, boil 2 quarts of water and add 1 tea bag. Start by drinking 1 oz of tea, diluted in a glass of water, twice a day. This will provide a gentle cleanse

**OUR MISSION IS TO FIND THE BEST TREATMENTS & COMBINE THEM WITH THE BEST PRODUCTS**

## REMEMBER

**“The road to good health requires a proven program that includes great products, proper supervision, and unlimited support - the vital keys to success.”**

 **The Wolfe Clinic**  
“FEAR IS THE GREATEST DISEASE  
KNOWLEDGE IS THE CURE”

without over-exciting the intestines. After 3-4 days, if no negative symptoms appear, slowly and gradually increase the dosage by one ounce, twice a day, every 4 to 5 days. With these conditions, detoxification should be done slowly and passively so that tissue cleansing can occur and tissue inflammation is reduced.

- For children:
  - 75 pounds and greater - give ½ the dose (increase/decrease dosage as needed)
  - Under 75 pounds – give 1/3 the dose (increase/decrease dosage as needed)
- Royal Tea is good for all ages.
- Avoid if pregnant
- Used tea bags can be saved, the tea herbs dried and added to food

## **Royal Flora**

### **Capsules:**

Week 1 - 2 caps 2 times a day (maintenance)

Week 2 – 2 caps 3 times a day

Week 3 – 3 caps 3 times a day; maintain for 6 weeks and then cut back to maintenance dosage of 2 caps 2 times a day

### **Powder:**

Week 1 – 1/3rd tsp 2 times a day

Week 2 – ½ tsp 2 times a day (maintenance)

Week 3 – 1 tsp 3 times a day; maintain for 6 weeks and then cut back to maintenance dosage of ½ tsp. 2 times a day

**Please call The Wolfe Clinic for assistance.**

## **Oil of Oregano**

Start with 2 drops in 2 ounces of water, twice a day (Dosage will vary from 2 drops twice a day to 6 drops twice a day)

This may be taken with juice.

**For dosage specific to a condition, please call The Wolfe Clinic for assistance**

## **Ultra 1 & Ultra 2**

2 ounces of Ultra 1; record reaction (Ultra 1 flushes out the virus)

2 ounces of Ultra 2 five minutes later; record reaction (Ultra 2 knocks the virus down)

No reaction means no over burden.

A terrible reaction indicates viral overload.

## Royal Defense

**Maintenance** – 1 tsp twice a day and work your way up to 1 tbsp. twice a day.

If undergo major fungal reaction, start with ¼-½ tsp. twice a day and work your way up to 1 tbsp twice a day and maintain for 3 weeks or until have at least 10 days without symptoms. After the 3 weeks, perform a Spit Test. If stringing occurs, continue with 1 tbsp. twice a day. Once stringing in saliva stops, decrease dose to 1tsp. twice a day for 6 more weeks.

Then back down to 1 tsp. twice a day for 6 more weeks

In chronic situations of candidiasis, 1 tsp twice a day may be needed indefinitely

**FOR CHILDREN:** Syclovir is a systemic fungal yeast eliminator. Dosage: Take 1/3 a tsp. twice a day in between meals with water and some juice. Slowly increase the dosage until you reach 1/2 tbsp. twice a day. Stay at this dosage for 3 weeks or until symptoms are alleviated, then drop back to 1/2 tsp. twice a day for 3 weeks or until symptoms subside. Candidiasis issues may need to continue with maintenance dosages.

During this time, you may also use 1 drop of Super Silver to each eye 1-2 times per day. Also, a few drops in each ear, massaging the ear for 5-7 minutes and then draining any excess fluid. Using a sinus spray or eyedropper, insert Super Silver into the nasal cavity 3 times per day.
